Mozilla uses to create PDFs. Mozilla is striving to bring the Web to life for everyone with Firefox and its Web apps. So far, it has released three betas for Firefox, including a version that debuted in March. That beta took features found in the

---

upcoming Firefox 7 and shipped them in an earlier version of Firefox. As Mozilla has unveiled more and more of Firefox, it has gotten closer to completing it. Firefox 5 is expected in May. For the Mozilla blog, "As a whole, we've had a

---

strong month of releases,  
and we've gotten lots of help  
from users." The  
improvements continue, as  
"With Firefox 6 Beta 5,  
we've made one more  
change to Firefox's  
integration with PDF.js.  
You can read more about

---

that in our Beta 5 blog post.
